

NIAGARA CASINOS GENERAL POKER RULES

1. Niagara Casinos provides House Poker Dealers for all games, but does not participate in the actual play of the game and has no interest in the outcome of play.
2. Management reserves the right to make decisions that are in the best interest of the game, even though technical interpretation of the rules would dictate a contrary decision.
3. A waiting list will be kept for all Poker games. Players may reserve a seat by having their names placed on the list for the game of their choice. Players will be called when a seat becomes available. Players may not be seated unless the brush person calls their name.
4. When players are seated in a Poker game they must ante or post blinds as per type of game being played. If a player is dealt in by dealer error then the hand will be declared dead and play continues, otherwise the player must fulfill their obligation for the amount owed.
5. All new players must post in order to receive a hand at the table.
6. Minimum buy-in for all fixed limit games are ten (10) times the Big Blind amount, all re-buys will be five (5) times the Big Blind amount, unless otherwise posted.
7. Cards must be kept on or above the table surface in plain view. Cards may not be removed from the edge of the table surface.
8. Chips must stay in full view of the dealer at all times. Removing chips or cash from the table is not permitted, unless permission has been given from a supervisor or manager.
9. It is the player's responsibility to protect their own hand.
10. All losing hands will be mucked before the pot is awarded.
11. The winning hand will remain face up until after the pot has been awarded.
12. All decisions regarding an outcome of a hand must be settled in a timely manner. Any dispute must be brought to the attention of Management at the time of play.
13. No one may play another player's chips.
14. No play-overs will be allowed.
15. No rabbit hunting. Players and dealers are not allowed to look through the discard pile.
16. If there is at least one caller, all patrons must show their two hole cards upon the request of any player.
17. Cards talk. A winning hand must show all cards face up on the table. The player instituting the last action (checking or betting) must turn their hand over first.
18. A player miscalling a hand with the intent to cause another player to act on their hand risks forfeiture of the pot and/or removal from the Poker Room.
19. Non-players may be asked not to sit or stand in the poker room, at management's discretion.
20. No food or electronic devices of any kind shall be allowed in the poker room.
21. Players may not make any kind of deals during the play of a hand; all hands must be fully completed. Players may not split pots, or give any other player's money back at the table.
22. Show one show all. If any player shows his/her cards to another player at the table all other players at the table then have the right to see them upon request at Managements discretion.
23. Players must act in turn. A knock on the table constitutes a check.
24. Players who place a single chip into the betting area that is larger than the bet to them are considered to be calling the bet unless they announce raise.
25. String raises are not allowed. A player must either put out the full amount of the bet and raise at the same time or announce raise.
26. Verbal statements in turn are binding; verbal statements out of turn may also be binding.

27. Players may request a table change from a floor person.
28. If a player requests a table change, that player must move immediately.
29. Player's must have at least the amount of the Big Blind in order to play the next hand, if they don't they must do a full re-buy.
30. The players will pay session fees even if they are not present at the table at the time of collection. The dealer or floor person for absent players will place Sessions fees.
31. Only English will be permitted while a hand is in play.
32. Cell phone calls may not be made or received while in the Poker Room.
33. You are not allowed to change seats in games of 6 players or less.
34. If you decide to cash out from any game, you are not allowed to re enter a game of the same limit for at least 1 hour.
35. In fixed limit, once you are left with 2 players remaining, they are allowed to raise as many times as they want.
36. Management's decisions are final.
